2011-2012 Shine-Ho Collection

2011-2012

LOTUS BAG

At Shine-Ho, we strive to lead in the innovation, quality and fabrication of the industry's most advanced cycling bags and related accessories. Our target is to deliver high value products and professional solutions to our worldwide customers.

A scenic view of a steep, green hillside. A utility pole with several power lines is visible on the right side of the frame. The hillside is covered in lush green vegetation, and the overall scene is brightly lit, suggesting a sunny day.

Shine-Ho was founded by Mr. Julio Ho in 1978, originally specializing in bicycle bags under the LOTUS brand name. The range of products has extended to knapsacks, sporting bags and hydration systems now.

In 1979, we produced a line of high quality cycling bags for WSI. It was the first in a series of manufacturing contracts, which later included other well-known brand names in the bicycle industry, such as SCHIWNN, Service Cycle, RALEIGH USA, BLACK BURN, Halfords, GIANT, and KHS.

We even manufactured bicycle bags and knapsack for Mercedes-Benz and BMW. These days, we produce not only high quality bags at our manufacturing base in Taiwan, but also focus on research and development to meet our customers' needs.

Desert Storm

Looking across the endless dunes,
 The sandstorm sweeps by.
 The wonders of a rugged landscape,
 A world of discovery awaits,
 And makes you tingle from head to toe.

City Cowboy

When the cowboy comes to the modern city,
A story begins...

From the vast prairies of the Wild West,
With his wits and his wild nature.

Wearing a Stetson hat, leather chaps, and spurs,
So casual, so cool.
