

∞ LOTUS

At Shine-Ho, we strive to lead in the innovation, quality and fabrication of the industry's most advanced cycling bags and related accessories. Our target is to deliver high value products and professional solutions to our worldwide customers. Shine-Ho was founded by Mr. Julio Ho in 1978, originally specializing in bicycle bags under the LOTUS brand name. The range of products has extended to knapsacks, sporting bags, hydration systems, kid bags and pet bags now. In 1979, we produced a line of high quality cycling bags for WSI.

It was the first in a series of manufacturing contracts, which later included other well-known brand names in the bicycle industry, such as Schwinn, Service Cycle, Raleigh, Black Burn, Halfords, Giant, KHS, Serfas, Force, and Crops. We even manufactured bicycle bags and / or knapsack for Mercedes Benz, BMW and Ferrari. These days, we produce not only high quality bags at our manufacturing base in Taiwan, but also focus on research and development to meet our customers' needs.
