9 ABOUT LOTUS

SHINE-HO BIKE BAGS MANUFACTURER

At Shine-Ho, we strive to lead in the innovation, quality and fabrication of the industry's most advanced cycling bags and related accessories. Our target is to deliver high value products and professional solutions to our worldwide customers.

History

Shine-Ho was founded by Mr. Julio Ho in 1978, originally specializing in bicycle bags under the LOTUS brand name. The range of products has since been extended to include knapsacks, sporting bags and hydration systems. In 1981, we produced a line of high quality cycling bags for WSI. It was the first in a series of manufacturing contracts, which later included other well-known brand names in the bicycle industry, such as SCHIWNN, Service Cycle, RALEIGH USA, BLACK BURN, Halfords, GIANT, and KHS. We even manufactured knapsacks for Mercedes-Benz and BMW. These days we produce not only high quality bags at our manufacturing base in Taiwan, but also focus on research and development to meet our customers' needs.
